

Empowering Teen Leaders for the 21st Century

A Dangerous Event

Positively Dangerous...

The early church was "dangerous." They lived their faith in such an authentic and embodying manner that those near were at extreme risk of catching it.

Positively Dangerous events blend presentations, interactive activities, engaging media, and meaningful discussions to challenge young people to live in spiritually dangerous manner.

Beyond Christianity Lite, Positively Dangerous events challenge teens to a robust and life-changing expression of faith.

Teens Discover

- ✓ Spiritual tools and practices for growing a deep and life-changing relationship with God.
- ✓ Practical ways to change their world by genuinely loving others.
- ✓ What it means to live with integrity and be the kind of example that leaves an indelible mark on others.
- ✓ The key that gives us the freedom to be truly authentic.
- ✓ How to give away their faith by being "On Call" with the Holy Spirit.

Yet, Beyond an Event

Most conferences or retreats end with the event. The Positively Dangerous experience is a launching pad for something bigger-- building a "positively dangerous community." Each participant leaves with the book *Positively Dangerous* as a follow up resource. Leaders leave with small group materials to help participants delve deeper into the "dangerous" lifestyle.
