

May 14, 2007

Dear Director of Youth Ministry:

We're inviting your entire *peer ministry team* to become energized for the coming year, spiritually formed, and equipped for ministry during **Cultivation Ministries' 2007 Annual Peer Ministry Team Retreat** entitled **Fearless!**

The weekend is a great way to kick off the year and unify your team. It is a significant opportunity for teens to personally encounter Christ's love, experience Christian community, and be further equipped to share their faith with others.

This year, we want you to join the hundreds of teens who are gathering:

On: Saturday, August 18 at 8:30am  
Until: Sunday, August 19 at 4:00pm  
At: Timber-lee Christian Center, East Troy, WI

We are offering ALL NEW workshops this year including *Going Deeper In Our Relationship with God, Praying with and for Others, Developing and Using Media in Ministry, and Becoming a Community that Looks More like Jesus*. As always, there will be interactive activities that will challenge your team to become stronger and more committed to each other, powerful prayer experiences, and great music.

We've provided a white retreat brochure for you to copy and distribute. Please use the "Peer Ministry Retreat Group Registration Form" to register your group. Please keep in mind, our retreat will fill up fast, and we will process registrations on a first come-first serve basis. See the enclosed brochure for registration details. If you need any further information, please don't hesitate to call me at 630-513-8222.

We're inspired by your dedication, and pray that you experience God's personal love and care as you serve the teens of your parish.

In Christ,

Frank Mercadante  
Executive Director
